Course Description

A comprehensive course specially designed for Secondary 1 students who wish to explore English from different perspectives. The course covers aspects of history, culture, psychology, ethics, movies, current affairs and arts in relation to English language and literature.

Students will be exposed to a wide range of delicately selected reading materials through which they will learn how to interpret meanings by understanding diction, types of literary device and context. In addition, students are equipped with the skills for articulating their opinions and to express their perspectives through various writing styles.
